

Kodiak 450 EPS Alu Diff Lock

Work. Play. Relax. Repeat.

With its rugged chassis and high-torque engine, the Kodiak 450 EPS ALU DL is a tireless worker that can carry 120kg on its racks - or tow up to 600kg - allowing you to traverse extreme terrain with tools, provisions or equipment.

Long travel gas suspension and a spacious riding position ensure all day riding comfort - and the wide-section 25" tyres and switchable 4WD/ Diff Lock can find traction where other vehicles may struggle.

Electronic Fuel Injection reduces running costs and gives easy hot and cold starting at different altitudes - and Yamaha's legendary durability and reliability get you there and back every time. Kodiak 450 EPS ALU DL: work, play, relax, repeat!

- Versatile and practical mid-sized utility ATV
- Electric Power Steering for all day comfort and confidence
- Designed for work and leisure
- Premium Yamaha quality with great value for money
- High torque 421cc 4-stroke engine
- Economical and reliable Electronic Fuel Injection
- Long travel suspension with gas shock absorbers
- On Command push button 2WD / 4WD drive system
- Ultramatic automatic CVT transmission
- 120kg rack carrying capacity 600kg towing capacity
- De Luxe Painted body and Aluminum wheels

Kodiak 450 EPS Alu Diff Lock

Yamaha 421 cc EFI engine

The Kodiak 450 EPS SE DL has the power to conquer the toughest terrain thanks to its 421 cc single cylinder liquid cooled engine that produces plenty of smooth torque at low revs. Its Electronic Fuel Injection system ensures easy starting in hot or cold conditions at a range of altitudes, giving reliable and economical performance wherever you go.

25-inch tyres with wide tread width & Alu wheels

So that you can find the optimum traction even on the most challenging terrain the Kodiak 450 EPS SE is fitted with specially developed front and rear tyres mounted on light weight Aluminium wheels. Featuring an all-terrain tread pattern, the extra-wide AT25x8-12 front tyres and the AT25x10-12 rear tyres find extra grip whether you're riding across mud, snow and rock.

Long-stroke KYB gas charged front and rear shocks

The developed all-round independent double wishbone suspension gives 171 mm front wheel travel and 189 mm rear wheel travel, helping to make light work of extreme terrain. And with their ability to soak up bumps, ruts and other obstacles, the KYB gas-charged adjustable shocks deliver all day riding comfort.

On-Command 2WD/4WD/Diff Lock

The Kodiak 450 EPS SE DL models are fitted with an easy to operate On-Command® system with 2WD/4WD and 4WD with Diff Lock for full control and for quick and effective switching between 2WD and 4WD, or even full diff lock allowing you to choose the right option to suit the terrain and surface conditions.

Electric Power Steering (EPS)

The Kodiak 450 EPS SE DL model is equipped with Yamaha's highly acclaimed Electronic Power Steering (EPS) that is specially designed to give you the best balance of rider assist combined with a natural and positive feel. And for additional illumination, the EPS model features a powerful halogen handlebar-mounted high beam headlight.

Ultramatic® CVT transmission

Ultramatic® CVT automatic transmission makes every trip easier and more enjoyable, both for seasoned riders and also for new entrants to the mid-sized utility ATV class. Its durable V-belt delivers smooth acceleration – and the Kodiak 450 EPS SE DL's sophisticated all-wheel engine braking system gives you added confidence and control on downhill.

Kodiak 450 EPS Alu Diff Lock

ATVs with engines up to 70cc are recommended for use only by riders 6 years and older and always with adult supervision. ATVs with engines of 70 to 90cc are recommended only for use by riders 10 years and older, and always under adult supervision. ATVs with engines of 90cc or greater are recommended for use only by riders 16 years and older. ATVs are built to operate within their design limits. Safe towable weights, together with maximum carrying capacity are identified in the owner's manual if applicable. For durability, reliability, but most important of all, operator safety, under no circumstances should the recommended capacities be exceeded. Yamaha recommends that all ATV riders take an approved training course. For safety and training information, see your dealer or call your Yamaha Distributor in your country. ATVs can be hazardous to operate.
